- First month's rent to be paid in advance upon signing
- No deposit required

- Contract signed one semester at a time, renewable by mutual agreement
- Minimum rental period: one semester (August 20, 2026–January 31, 2027)
- Preference given to tenants planning to stay at least one academic year

---

About Me / About You

- I'm a full-time project manager in advertising and an experienced landlord (16+ years renting to international students). I put a lot of emphasis on creating a calm, well-functioning home where everyday life works smoothly for both of us.
- I value a home environment that feels easy to live in – where things are clear, respectful and simply work well in everyday life.
- I live alone in the apartment and rent out one furnished private room.
- We share the kitchen and bathroom but otherwise live independently and respectfully.
- This is not the typical student corridor, but more of a shared home with a calm and structured everyday life.
- I'm fluent in English, and conversational in French and Spanish.

I'm looking for someone who will feel comfortable in – and contribute to – a calm, respectful and well-organised home. Ideally you are:

- non-smoking
- naturally tidy, organised and considerate
- punctual with payments
- respectful of shared areas (especially kitchen and bathroom)
- comfortable in an LGBTQ-friendly home
- not into parties (overnight guests may be allowed after agreement)

How to Apply

Please send a short personal letter (similar to a casual job application), including:

- Your name, age, nationality, and current occupation/studies
- What and where you will study in Gothenburg
- Preferred rental period
- A few lines about yourself: personality, expectations, past living experience
- A recent photo of yourself

Applications that follow this structure are much easier for me to review.
